

Before we leap

into a conversation about compliance, let's stop and consider an important element: you.

What set of circumstances brought you here? You may simply be looking ahead and planning for the future. Perhaps your board of directors is displeased with how insufficient financial controls impact performance reports. Maybe you're simply exhausted by the inefficiency of your current controls process.

No matter your journey, it's time for the next step—analyzing your compliance framework. Before we go any further, let's consider five crucial questions.

If you answered "no" or "I'm not sure" to any of these questions, it's time to take a second look at your compliance framework.
